

The Danzan-Ryū Jūjutsu Lineage Tree

擅山流柔術系

Last update: January 24, 2012

The following list shows the lineage tree of black belts in the Danzan-Ryū Jūjutsu tradition. The names at the left in **bold** are those people who trained directly under Professor Okazaki. This list shows only one instructor for each person. It is acknowledged that each individual may have had several other influential instructors.

This listing is shown in alphabetic order under each instructor, but does not include rank, organizational affiliation, living/deceased or other details.

To have a name included on this list, please send an [e-mail](#) of your lineage, your reason for inclusion and any other pertinent information. Please include any black belts that you have promoted. Inclusion of anyone on the tree is not guaranteed and all requests will be carefully considered before addition to the tree. This tree is meant for those whose primary concern is Danzan-Ryū Jūjutsu and not other martial arts. The editorial staff reserves the right to refuse any submissions.
